CoverMates

THE TOP-SELLING COVER LIFTS IN THE WORLD

No manufacturer makes better spa cover lifts than Leisure Concepts. The innovation starts with our product designers who envision cover lifts never before seen in the marketplace. Then, our manufacturing team realizes that vision by utilizing the highest quality materials and state-of-the-art processes. The results are cover lifts that are stylish, easy to install, fit most spas and exceed consumer and dealer expectations—without exceeding their budgets.

CoverMate I Eco

PERFORMANCE AND PRICE: CHOOSE BOTH

Want to offer a more economical cover lift without sacrificing quality? Look to the CoverMate I Eco. This lift offers features similar to the industry-leading CoverMate I, but allows for a lower sale price. Quality and value come together in the CoverMate I Eco.

FEATURES & SPECS

- + Requires just 10 to 15 inches of clearance behind spa and 5 inches on each side
- + Full-length middle crossbar
- + Powder-coated aluminum tubing with easy-to-install, non-corrosive brackets
- + Works on spas up to 8 feet in length or width

CoverMate Freestyle

THE COVER LIFT SOLUTION FOR ROUND AND UNIQUELY SHAPED SPAS

Thanks to our exclusive, adjustable mounting base that slides beneath the spa, the CoverMate Freestyle delivers when other lifts can't.

FEATURES & SPECS

- + Requires approximately 20 inches of clearance behind spa
- + Designed to work on round and uniquely shaped spas
- + Adjustable mounting base simply slides under the spa
- + Works on nearly any spa between 26 to 42 inches tall and 74 to 95 inches wide

Patent No.6,842,917

CoverMate Easy

SUPERIOR, STYLISH SIMPLICITY

With no moving parts, the CoverMate Easy is a perfect example of "form follows function". This traditional cover lift offers ease-of-use and performance features your customers will love.

FEATURES & SPECS

- + Requires just 18 inches of clearance behind spa and 5 inches on each side
- + Powder-coated, aluminum tubing with easy-to-install, non-corrosive mounting brackets
- + Durable, corrosion-free nylon catch straps provide a more stylish look, as compared to chains
- + Comes standard with a TowelMate accessory for hanging up to three towels right where you need them most
- + Works on spas up to 8 feet in length or width

CoverMate II & II Understyle

OUT-OF-SIGHT PEACE OF MIND

These models allow the open cover to rest lower against the spa for a slightly less-obstructed view. Depending on the mounting system, the CoverMate II can be screw-mounted low on the spa, or simply slid underneath for spas with weaker skirts using the optional Understyle bracket system.

FEATURES & SPECS

- + Requires just 18 inches of clearance behind spa and 5 inches on each side
- + Powder-coated, aluminum tubing with easy-to-install, non-corrosive mounting brackets – same as CoverMate I
- + Understyle system uses two aluminum brackets and 7-inch base plates that simply slide under the spa
- + Comes standard with a TowelMate accessory for hanging up to three towels right where you need them most
- + Works on spas up to 8 feet in length or width and 40 inches in height

CoverMate III

THE PERFECT ANSWER WHEN CLEARANCE BEHIND THE SPA IS AN ISSUE

No other hydraulic cover lift offers the beauty, reliability and superior operation of the CoverMate III. Combine that with an aluminum full-frame construction and our stylish composite mounting brackets, and you've given your customers a perfect option with no heavy lifting.

FEATURES & SPECS

- + Requires just 6 inches of clearance behind spa and 5 inches on each side
- + Powder-coated, aluminum tubing with easy-to-install, non-corrosive mounting brackets
- + Ergonomically designed for ease of use
- + Available with extended pivot arms or extended coupler bar for spas over 8 feet in length or width
- + Available with optional DeckMount bracket system sold separately

CoverMate III Eco

EASY LIFTING THAT'S EASY ON THE WALLET

For customers wanting a lower-cost hydraulic-assisted cover lift, the CoverMate III Eco is a perfect option. Built with aluminum brackets rather than the composite brackets of the premier CoverMate III, the Eco version still delivers impressive performance without sacrificing quality. Value comes standard with the CoverMate III Eco.

FEATURES & SPECS

- + Requires just 6 inches of clearance behind spa and 5 inches on each side
- + Full-length middle crossbar
- + Powder-coated, aluminum tubing with easy-to-install, non-corrosive mounting brackets

CoverCatch

THE SIMPLE SOLUTION TO COVER STORAGE

The CoverCatch is the perfect answer for keeping the cover close-by and off the ground. Install the arms low on the spa for an unobstructed view, or higher for added privacy. Ideal for the smaller sized spa and cover.

FEATURES & SPECS

- + Requires just 10 inches of clearance behind spa
- + Arms fold flat against spa when not in use
- + Works well on most smaller spas regardless of shape
- + Foam-rubber pads provide soft, slip-free surface for the cover to rest on
- + Arms are 7 1/2" deep
